By authority of this letter, please change the business name for each location to John H. Harland Co., and effect reassignment of the EPA Permit numbers accordingly at these four locations.

At this time there are no known changes to the listed plants waste streams. In some instances there may be a consolidation of a plant into an existing Harland plant. In that event, we will request a de-listing of the EPA # for that site, once cleared of all waste.

Thank you for your help in this matter.
